WISCONSIN MEETING

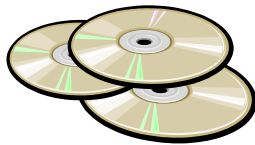

Since mailing our last major newsletter (Volume 7—“Turning Up The Heat On Fahrenheit 911”) we had a blessed and well-attended meeting in Wisconsin on August 20-22. There were protestors there with signs protesting Pastor Peters. We can’t help but laugh at these foolish protestors. They can never stop the meetings, nor do they intimidate the true Christians from coming to the meetings. In fact, they validate this preacher and his ministry in the eyes of the remnant. Many wonder why, of all of the preachers out there, is this guy getting protested and persecuted? They’ve got their snakes in many pulpits, including teachers in the Anglo-Israel truth. They ought to go harass them to give them some validation and validity. You’d think by now they’d figure that out. (They hate that we teach the truth of Acts 2:38 and know that others don’t).

The unexpected message preached on Friday evening, August 20th by Pastor Ron Poch was truly a blessing to this preacher. We sent it out on the Scriptures for America Tape & CD ministry and hope it was a blessing to you as well. The title is “Oil On The Rock”, and it is about getting the snake off the rock.

The Bible speaks of a snake called the serpent of old and the great dragon who is “*the devil & Satan*” (Revelations 12:9). At the Wisconsin meeting this preacher began what has turned out to be a series of messages to counter the false teaching of some preachers who teach the devil & Satan is merely our flesh sin nature, some man adversary and false accuser, or the government; that witches, demons, angels, etc... are not really what people think the Bible really teaches us. That series will eventually be sent out on the tape & CD ministry.

SUNDAY MORNING CHURCH SERVICES NOW BROADCASTING ON WWCR SHORTWAVE

The feature article in our Volume 4, 2004 DragonSlayer newsletter was entitled “Priming the Pump”, pointing out that this ministry would be pouring more money into radio broadcasts in an effort to get the word out. The additional AM & FM stations we purchased air time on were not getting the response we had hoped for, so we thought it best to change our tactics. In that change we dropped the AM & FM Judeo-Christian stations and added more shortwave radio time. Our Sunday morning Church services are also now broadcast live on WWCR shortwave, frequency 9.985, from 10:30 am to noon, Mountain Time. Colorado singing cowboy Jim Lynch is leading songs and you are encouraged to join us and sing along. The song lyrics are also displayed as part of our Sunday morning live video broadcast at our website, www.scripturesforamerica.org. The audio portion of our Sunday morning services are then re-broadcast on Sunday evenings from 6-8 PM Mountain Time on WWCR shortwave (frequency 3.210), at our website and on our 24/7 satellite as well (see next page for satellite information).

TAPE & CD MINISTRY

Remember, we now offer CD's as well as tapes to those of you on the tape ministry. If you would prefer CD's please let us know. At the present time we are still sending out messages in the “Ask Gideon” series, which is a war story. We are going to win the victory in this war but we've got to learn the secrets contained in that story first.

OTHER MATTERS

Concerning the election campaign & debates between Mr. Kerry and Mr. Bush, as seen by millions on television—it is the opinion of this preacher that such television programming is a step *below* the so-called reality TV shows. In reality, there is only one choice, and that is Jesus Christ our King. That's who this preacher is voting for.

In our Snake Stompin' Series, we pointed out that they love to poison us. Be sure to read "The Hand That Rocks the Cradle" article in this newsletter on page 18.

We continue to keep very busy here and this preacher continues his nightly live radio broadcast to the internet, short-wave and satellite. Our audience is still growing in all areas, along with our work.

We had planned to hold a meeting in the Oregon area in December of this year but are having to put it on hold for now because of our work load. I and my staff thank those of you who help make our work possible through your continued prayers and financial support. We do need them both.

Sincerely Stompin' Snakes,
Pastor Peter J. Peter

A WAR STORY

& THE STORY OF WAR

In this article we shall tell you the story behind our cancellation of a meeting planned in Missouri for October 6-13, 2004 in favor of a new location in Austin, Texas for October 7-10, and the resultant last minute cancellation of that meeting in its entirety. It is a war story.

The Bible story is a war story, and our King is described as a warring King.

And I saw heaven opened; and behold, a white horse, and He who sat upon it is called Faithful and True; and in righteousness He judges and wages war. And His eyes are a flame of fire, and upon His head are many diadems; and He has a name written upon Him which no one knows except Himself. And He is clothed with a robe dipped in blood; and His name is called The Word of God. And the armies which are in heaven, clothed in fine linen, white and clean, were following Him on white horses.

And from His mouth comes a sharp sword, so that with it He may smite the nations; and He will rule them with a rod of iron; and He treads the wine press of the fierce wrath of God, the Almighty. And on His robe and on His thigh He has a name written, "KING OF KINGS, AND LORD OF LORDS." Revelation 19:11-16

The Christians and citizens of our land have been deceived by Satan and his children not to think of their King Jesus and the Bible story in terms of war, but rather in terms of love and peace, though Jesus said *"Do not think that I came to bring peace on the earth. I did not come to bring peace but a sword."* Matthew 10:34 (That sword is, no doubt, what is known in Scripture as the "Sword of the Lord", which is just one of His many weapons in His awesome armory—Isaiah 34:6, Jeremiah 47:6 & Jeremiah 50:25).

The war is a spiritual war with real, physical effects and consequences. However, most Christians who may claim to be "Christian soldiers" and who may occasionally sing "Onward Christian Soldiers" only think of the war in metaphorical terms when the reality is, it's a real war with real enemies and it really is dangerous.

There are many facets of war in the story of war. There are soldiers, armor, enemies, fights, propaganda, spoils of war, targets, danger, spies, intelligence, etc... Christians are called to be soldiers (II Timothy 2:3) and they are told to put on armor (Ephesians 6:13). Their King has enemies (Hebrews 1:13) and the way it is supposed to work is an enemy to the King is an enemy of the loyal soldier of the King. In war, there are targets, secondary and primary targets. Isaiah 59:15 says *"And he who turns aside from evil makes himself a prey."*

Being a prey is like being a hunted animal, a

target to be shot at. It's dangerous to be targeted in the crosshairs of the enemy's scope. Consider just one battle story in this story of war told to us in Acts.

And when it was day, the Jews formed a conspiracy and bound themselves under an oath, saying that they would neither eat nor drink until they had killed Paul. And there were more than forty who formed this plot. And they came to the chief priests and the elders, and said, "We have bound ourselves under a solemn oath to taste nothing until we have killed Paul. "Now, therefore, you and the Council notify the commander to bring him down to you, as though you were going to determine his case by a more thorough investigation; and we for our part are ready to slay him before he comes near the place." But the son of Paul's sister heard of their ambush, and he came and entered the barracks and told Paul.

Acts 23:12-16

Paul found he was targeted, and today most churches would think there is something wrong when one is targeted like Paul. In their insane, twisted and seduced cowardly little minds they reason--*"There must be something wrong with you, you must not be a good Christian or else there wouldn't be so many bad things said about you and you wouldn't be persecuted. If you were a good Christian you'd have the love and peace of Jesus and no one would dislike you. You must be some radical cult leader."*

There's a great measure of insanity with these people called Judeo-Christians, for they will then turn around and quote II Timothy 3:12 *"And indeed all who desire to live Godly in Christ Jesus will be persecuted."* Yet when someone is persecuted, they figure that he is not Christian. Go figure.

This preacher and this ministry has been plotted against, protested, persecuted and prosecuted. Nothing mind you in comparison with the early saints and past prophets, and I only bring it up to get a point across—that this is real war and there is real danger. Such protest, persecution, slander, and prosecution, etc... is seen by the world as evidence of being non-Christian, but to the remnant that has eyes to see and ears to hear, it actually validates this preacher and this ministry.

As already stated, in the story of war there are targets, both primary and secondary. Prophets are primary targets. When a prophet gives a message the government does not like to hear, such as God's laws are above man's, and that Jesus is the King of Kings, then he becomes a target. Note the following.

Now it came about when the king heard the saying of the man of God, which he cried against the altar in Bethel, that Jeroboam stretched out his hand from the altar, saying, "Seize him." But his hand which he stretched out against him dried up, so that he could not draw it back to himself. *1 Kings 13:4*

Note how the King (government) wanted to seize the man and put him in a POW camp called prison. He had to have the protection of God to do his job. That's why prophets plead more for prayers than for money. (In the 1980's, this preacher's name was presented before a Federal Grand Jury in Washington, DC in an attempt to indict him in the now infamous sedition trial the government held in Ft. Smith, Arkansas and lost).

Jesus made known the danger of exposing the serpent race. (Both he and John exposed them, and consequently were killed by them).

"You serpents, you brood of vipers, how shall you escape the sentence of hell? "Therefore, behold, I am sending you prophets and wise men and scribes; some of them you will kill and crucify, and some of them you will scourge in your synagogues, and persecute from city to city, that upon you may fall the guilt of all the righteous blood shed on earth, from the blood of righteous Abel to the blood of Zechariah, the son of Berechiah, whom you murdered between the temple and the altar. "Truly I say to you, all these things shall come upon this generation

Matthew 23:33-36

Concerning this verse it should be said that the KJV and others translate the name as "Zacharias", not "Zechariah" as does the NAS. "Zacharias" was the name of the father of John the Baptist (Luke 1:5). There are supplemental old writings outside of the Bible that tell us Zacharias hid his baby son John during Herod's hunt to kill the male children (Matthew 2:16). When Zacharias refused to give up his son, they killed him. I think this is the Zacharias that Jesus is speaking of, as that would bring the bloodshed from Abel right up to His day. It should also be said that the word translated "generation" concerning the snakes could be translated "race" (see Englishman's Greek Concordance & Lexicon by Wigram & Green).

In this case they didn't get the prophet's son, they just got the prophet. Sometimes, though, they get the prophet's son, and not the prophet.

The prophet Jeremiah was conspiratorially targeted for death.

Moreover, the LORD made it known to me and I knew it; Then Thou didst show me their deeds. But I was like a gentle lamb led to the slaughter; And I did not know that they had devised plots against me, saying, "Let us

destroy the tree with its fruit, And let us cut him off from the land of the living, That his name be remembered no more." But, O LORD of hosts, who judges righteously, Who tries the feelings and the heart, Let me see Thy vengeance on them, For to Thee have I committed my cause.
Jeremiah 11:18-20

Notice how Jeremiah had to go through a growth process (that this preacher has had to go through as well). He evidently thought that just because he was a gentle lamb not wanting to harm anyone, just wanting to preach the truth, that no one would want to harm him. Isn't this the mentality of many Christian people as this war rages? They do not grasp that the goal of Satan and his hell-hound children is the murder and destruction of them, just as Stalin and the anti-Christ Jews murdered 60 million Christians in Russia in the last century.

Jeremiah said *"And I did not know that they had devised plots against me"*. Notice, he said the Lord made it known to him: *"Moreover the Lord made it known to me and I knew it. Then Thou didst show me their deeds."* In war, there is a thing called "intelligence", one of the meanings of which is *"the collection of information of military value."* The Septuagint translation of this passage shows they tried to kill him with poison. This is a most favored murder method of the snakes.

*Inform me, O Lord, and let me know! Then I saw their devices. As for me, I like a lamb led to slaughter did not know. Against me they had formed a wicked sign, saying, Come, **let us put poison in his bread**, and cut him from the land of the living; and let his name be mentioned no more. Jeremiah 11:18-20, Septuagint Bible (emphasis added). (The Septuagint Bible is available from SFA for a \$50.00 donation)*

Notice from this translation they put poison in his bread. I suspect it was when he was sick with swollen lymph glands and clouded mind and urinating blood that he prayed to God *"Inform me, O Lord and let me know!"* It was then the head of military intelligence revealed what had happened. *"Then I saw their devices!"*

Not only was it revealed to him what was done to him, but who did it. It was the *"Men of Anathoth"*. Jeremiah then in turn used a weapon available to him in this story of war, imprecatory prayer, i.e. calling down a curse on his murderous enemies:

"But, O Lord...let me see Thy vengeance on them."

Jeremiah 11:20

Therefore thus says the LORD concerning the men of Anathoth, who seek your life, saying, "Do not prophesy in the name of the LORD, that you might not die at our hand"; therefore, thus says the LORD of hosts, "Behold, I am about to punish them! The young men will die by the sword, their sons and daughters will die by famine; and a remnant will not be left to them, for I will bring disaster on the men of Anathoth-- the year of their punishment."

Jeremiah 11:21-23

Notice from this passage that God answered Jeremiah's prayer and killed the killers.

As already stated, plots, intelligence and intelligence gathering is a facet of the story of war. It is literally going on in America today and openly admitted. For example, on the October 12, 2004 ABC World News broadcast it was reported that spies go into churches to monitor the 501-C3 churches to see if they are endorsing political candidates.

These sons of hell children of the Devil who are warring against us did the same thing in Jesus' day.

And they watched Him, and sent spies who pretended to be righteous, in order that they might catch Him in some statement, so as to deliver Him up to the rule and the authority of the governor.

Luke 20:20

And He was teaching daily in the temple; but the chief priests and the scribes and the leading men among the people were trying to destroy Him.

Luke 19:47

As stated, the Bible Story is a story of war, and intelligence gathering on the part of the enemy is part of that war story.

The wicked spies upon the righteous, And seeks to kill him.

Psalms 37:32

In this war story, those warring for the King of Kings and His Kingdom have access to an intelligence agent called the Holy Spirit. Christian soldiers have need of more intelligence. We receive the Gift of the Holy Spirit by obeying Acts 2:38, but we get more intelligence, i.e., the Holy Spirit, by asking for more (Luke 11:13). For more on this, listen to our message entitled "Ask Gideon Part 11" that was sent out on the Scriptures for America Tape & CD Ministry in October, and is archived at our website, www.scripturesforamerica.org.

One of the many jobs of the Holy Spirit is to reveal what is to come.

"But when He, the Spirit of truth, comes, He will guide you into all the truth; for He will not speak on His own initiative, but whatever He hears, He will speak; and He will disclose to you what is to come.

John 16:13

It was the Holy Spirit disclosing to the prophet, Elisha, military movements that were to come that made Elisha a target for an Assyrian SWAT team. You can read about it in II Kings 6:8-14.

Never limit the way of the working of the Holy Spirit for He has many ways. I remember a dear and now departed Christian brother who told me a story of when he was told to “stop!” He was driving down a black asphalt back road near dusk when he heard in his mind the command to “stop!” It was so vivid and alarming that he slammed on the brakes and stopped in the middle of the road. He said there was no one around and he felt quite foolish just sitting there with his car engine idling. Then he looked ahead a bit closer, and there were several black Angus cows lying down on the black asphalt of the road, just chewing their cud. They blended in so that he had not seen them. What had happened was the Holy Spirit revealed what was up ahead.

There is severe and dangerous persecution up ahead if the serpent son’s of hell, children of the devil have their way in this on-going war. But, the Holy Spirit is moving and awakening some that there really is a war and it really is real. For example, someone sent the following excerpt from a recent newsletter by David Wilkenson.

“In all my years of ministry I’ve never seen so many believers under such affliction. There has never been a time like this with families facing financial crisis, enduring marital struggles, despairing over children in rebellion. Right now pastors all over the world are becoming disillusioned. They are exhausted by their labors and heavy-hearted because they see so little fruit. Their wives and families are being overwhelmed. These men are quitting by the hundreds. The leader of a large Pentecostal denomination recently told me “Pastors are leaving left and right, the churches are closing by the dozens.” As I pondered the afflictions, despair and sufferings, I thought “this is all because of satanic attacks.” Immediately, I began working on a message called “War on the Saints”. This is outright war against God’s elect.”

A REAL AND RECENT WAR STORY

And now for the story of why we had to cancel the scheduled Feast of Tabernacles meeting for October 6-13 in Missouri. After our Branson, Missouri gathering in May, I looked at a Christian camp and conference facility north of Springfield, MO. It was in a very remote, wooded, rural area with only one road going in. It wasn't the best facility, but it was adequate and was owned by an organization that I knew would not cancel our contract on us. We put earnest money down and advertised the meeting. As time went on I was greatly convicted that there was danger in holding the meeting there. I tried to ignore the foreboding and kept it to myself, but it got worse and worse. Then one day Pastor Applegate came to me and said that he didn't know why, but he had a terrible feeling about having the meeting there. This was like a second witness and so we contacted the grounds and told them we needed to cancel our meeting and were even willing to forfeit our deposit. The camp management had no problem with this.

We had not held a meeting in Texas for a few years and located, through the internet, what appeared to be a nice, Christian conference center near Austin, TX (right down in Waco territory), and we set up a contract for the gathering to be held there. We then sent to our readers a mailing announcing the new location and new dates (October 7-10) and announced the same on the radio. A day or two after that announcement, we received information that the Homeland Security office had just contacted the National Guard in Austin and told

them they were to be ready to assemble and move out of Austin on a “two hour notice”. They had not so contacted any other city in all the country. We confirmed this was so and I again became concerned thinking “what are the chances of this happening?”, and seriously considered canceling the whole affair, but did not. Then, on the eve of October 2nd, just five days before the assembly, with around 200 registered to attend, the “Christian” conference center called us and cancelled our contract, refusing to give us any good reason why.

At that point I didn’t know what to do. I and my staff discussed trying to find another place in the area, such as maybe a hotel with a conference meeting room. I told my staff that night I would pray about it and God would give me an answer in the morning.

Before I tell you of the answer I received that morning, I need to tell of a telephone call I had received from my friend Richard Kelly Hoskins. He had called me several days previous to this unexpected cancellation and said he felt he was to tell me a couple of stories. The first story was about a time he and his daughter had gone into some Virginia woods to target practice. On their return hike out of the woods, they happened upon a car parked on a back road in the woods, where a man was bent over working on the engine with his back to them. Mr. Hoskins told me that he then told his daughter that if one is stalking deer and sees some deer, to never stare at the deer, else the deer will flee. He then said the same was true of men, and he illustrated this point by he and his daughter just standing in the woods about 75 yards away from the man, with only their head and shoulders visible, staring at the back of the man. As a result, the

man removed himself from working on his engine and stood up and turned around and began looking in their direction until he spotted them.

Then he told me another story, saying that many years ago, after having just become a Christian, he was driving down a street and got a clear and distinct, almost voice-like message put in his mind which said “Dick, stop! Turn around, for there is danger up ahead!” He said he did as he was told but then was told “it’s ok now—you can turn around and go back.” So he did, but when he got almost to the end of the street, he was again warned of danger and told to turn around, which he did. Then he said that after he got to the end of the street he again received a message that all was safe and to turn around. At this point he said he pulled over and asked the Lord what was going on. He said the reply he got was “I gave you a brain, use it!” He said that’s all there was to it and felt it was all so very strange.

I thought it was all very interesting, but that it was strange that Richard Hoskins would call and tell me, particularly when he told me he just felt he was supposed to call me and tell me. I had forgotten about the call when I went to bed that Saturday evening, October 2nd. But, when I woke up early the next morning, the first words that came to my mind were “I gave you a brain, use it!” Then, the whole phone conversation came to my mind, and I knew I was to contact my people and cancel the meeting rather than try to find another place. I knew the reason I bolted from the Missouri site was because I was being targeted. Someone was staring, i.e., scoping the site and the potential meeting out and the Holy Spirit was giving warning. I know the reason why Mr. Hoskins had been lead to call me and

tell me the stories, and I knew I was to use my brain and recognize God was delivering from danger, and that it was a no-brainer, I was to cancel the meeting.

Well, that's the story, which is really one little war story in this "Story of War" that is going on today. The Holy Spirit is our intelligence agent and we must have more and more intelligence in the days ahead. We must make sure we listen to it.

Thank you for your prayers and thanks to those of you who have been so understanding, even though inconvenienced by this cancellation.

PJP

The wicked spies upon the righteous, And seeks to kill him. The LORD will not leave him in his hand, Or let him be condemned when he is judged. Wait for the LORD, and keep His way, And He will exalt you to inherit the land; When the wicked are cut off, you will see it.

Psalms 37:32-34

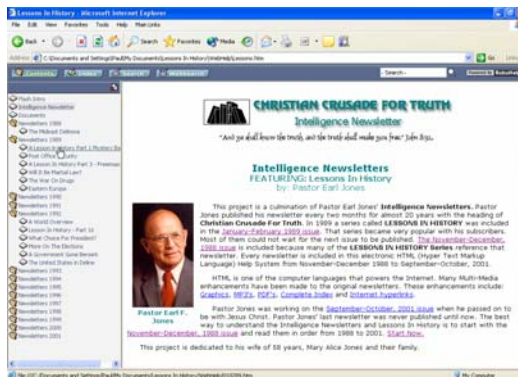

Finally, be strong in the Lord, and in the strength of His might. Put on the full armor of God, that you may be able to stand firm against the schemes of the devil. For our struggle is not against flesh and blood, but against the rulers, against the powers, against the world forces of this darkness, against the spiritual forces of wickedness in the heavenly places. Therefore, take up the full armor of God, that you may be able to resist in the evil day, and having done everything, to stand firm. Stand firm therefore, having girded your loins with truth, and having put on the breastplate of righteousness, and having shod your feet with the preparation of the gospel of peace; in addition to all, taking up the shield of faith with which you will be able to extinguish all the flaming missiles of the evil one. And take the helmet of salvation, and the sword of the Spirit, which is the word of God.

Ephesians 6:10-17

THE HAND THAT ROCKS THE CRADLE

A Closer Look At Household Cleaning Products

By
Shayla Pollert M.H.

Most people today are aware, or at least are becoming aware, of the hazards of the chemicals found in everyday body care products such as shampoo, deodorants

and house cleaning products. The thought often crosses many of our minds that we need to phase out or completely stop using such products, but for many of us, old habits can be hard to break. The purpose of this article is to hopefully give us the extra little nudge we need to make that "new clean" commitment.

It is interesting to read the backs of most commercial household cleaning products, everyone knows that they are poisonous, but not everyone realizes just *how poisonous*. Let's take a closer look at some of the ingredients in a few of the top household cleaners, or should we say, "killers."

Air Fresheners Has anyone ever wondered how air fresheners work? A host of them work by either coating the nasal passages with an oil or film, or with an agent that deadens the nerves. Many of them contain such toxins as formaldehyde, a known carcinogen (cancer causing), and phenol, which when making

contact with the skin can cause a host of skin problems, and even circulatory collapse, cold sweats, and convulsions.

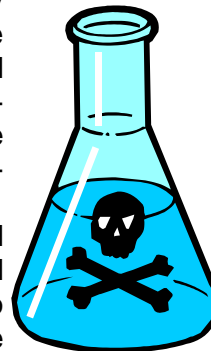

Furniture polish contains petroleum distillates, which can cause lung and skin cancer. They also contain phenols, and nitrobenzene, which are highly toxic and easily absorbed into the skin.

Mold and Mildew cleaners can contain sodium hypochloride, a corrosive agent that can irritate and burn the skin and cause fluid in the lungs. They also contain formaldehyde.

Laundry Room Products can contain sodium or calcium hypochlorite. This agent is highly corrosive and can burn skin, eyes and respiratory tract. They also contain linear alkylate sulfonate which is absorbed through the skin and can cause liver damage, and sodium tripolyphosphate which is an irritant to the skin and mucous membranes and is easily absorbed through the skin.

One 15-year study discovered that women who worked at home had 54% higher death rate than women who worked outside the home because women who worked at home are exposed to hazardous chemicals found in household products. Another revealed that chemical levels in the air in one's home can be 70% more toxic than outside.

In 1989 the National Institute of Occupational Safety & Health studied 2,983 chemical ingredients that are used in personal care products and found that 884 were toxic, 774 caused acute toxicity, 146 caused tumors, 218 caused reproductive complications, 314 caused biological mutation, 376 caused skin and eye irritations. Below are some common chemicals found in body care products, and their dangers.

Isopropyl Alcohol commonly found in hair-color rinses, body rubs, hand lotions, aftershave lotions, and many other cosmetics. Not only is it very drying and an irritant to the skin, but also it strips your body's own protective, natural acid mantle, leaving your skin susceptible to bacteria, fungus and viruses. It is made from a petroleum derivative and can cause brown spots and premature aging of the skin.

1,4-Dioxane is a carcinogenic chemical, which generates ethoxylated surfactants found in almost 50% of cosmetics. It is a mucous membrane, skin and eye irritant and a central nervous system depressant.

DEA(diethanolamine), MEA,(monoethanolamine) and TEA (triethanolamine) are all used in cosmetics and have actually been restricted in Europe because they are known carcinogenics. Dr. Samuel Epstein, professor of Environmental Health at the University of Illinois, has discovered that DEA based detergents have resulted in a dramatic increase in liver and kidney cancer.

Diazolidinyl Urea is established as a primary cause of dermatitis, according to the American Academy of Dermatology. Symptoms of skin contact can include burns, burning sensations, inflammation, painful blisters, and can cause profound tissue damage. It may release formaldehyde and is used in cosmetics as an antiseptic.

FD&C color pigments are synthetic colors made from coal tar, and they contain heavy metal salts that deposit toxins on the skin. This can cause skin sensitivity and irritation, not to mention animal studies have shown them to be carcinogenic.

Formaldehyde is a know carcinogen found in not only household cleaners and body care products, but also in paper products like toilet paper, paper towels, and feminine products such as tampons, and maxi pads. It is known also to cause allergic reactions, dermatitis, headaches and chronic fatigue. The vapor is extremely irritating to the eyes, nose and throat.

Fragrance Oh boy, is this one a shocker! Whenever you see fragrance on a label it can indicate up to 4,000 separate ingredients, many of them are toxic and/or carcinogenic. The FDA has received reports of fragrance causing symptoms such as headaches, dizziness, allergic rashes, skin discoloration, violent coughing, and vomiting. Clinical observations have discovered fragrance to affect the central nervous system causing depression, irritability, and hyperactivity.

Nitrosating Agents are incurring concern in the USA and Europe because they can cause a contamination that has been discovered to cause cancer in lab animals. Following is a list of cosmetic ingredients containing them; cocoyl sarcosine, DEA compounds, imidazolidinyl urea, formaldehyde, hydrolyzed animal protein, lauryl sarcosine, MEA compounds, quaternium-7, 15, 31, 60, etc...

sodium lauryl and laureth sulfates, ammonium laureth sulfate, sodium methyl cocoyl taurate, TEA compounds.

Triclosan is the active ingredient in antibacterial soaps, which have flooded the markets and homes of thousands. However, it

is in many more products than just soap, products including detergents, kitchen and bathroom cleaners, laundry soaps, deodorants, cosmetics, lotions, creams, toothpaste's and mouthwashes. Triclosan is very similar in molecular structure and chemical formula to some of the most toxic chemicals on earth; dioxins, PCB's, and Agent Orange. Its manufacturing process may produce dioxin, a powerful hormone-disrupter, (interferes with the way the body's hormones perform) causing atrocious long-term chronic health risks, such as changing genetic material, and causing birth defects. Triclosan is a chlorophenol, a class of chemicals

suspected of causing cancer in humans. It can accumulate in body fat and the liver to toxic levels, damaging the liver, kidneys, and lungs, and can cause paralysis, sterility, suppression of immune function, brain hemorrhage, decreased fertility and sexual function, heart problems, and coma. Interesting enough, experiments are being conducted and uncovering that triclosan doesn't even do all they once thought it did. It kills bacteria all right, but it kills ones on our bodies and the environment that cause no harm, and that often are beneficial in that they aid metabolism and restrain the invasion of the harmful pathogens. Even doctors now are saying that antibacterial soap is an additional, unjustifiable expense because soap and water does the job just fine!

There were endless documents found while researching toxic chemicals and many more pages could be written about the thousands of other chemicals and their myriad's of adverse reactions on the human body, but hopefully by now we all get the point. It is obviously a mistake to underestimate the dangers of these chemicals, especially considering all the many ways we can come into contact with them in our daily life. Clearly it would be a *gigantic* step in the right direction towards cancer prevention as well as prevention of other diseases (not to mention better overall health) to go natural in more areas than just our food and taking supplements alone.

Next month, we will offer some alternatives to the standard cleaning and body care products that are available, as there are many natural and inexpensive alternatives that we can use.

I've been reading an interesting book and just came across a quote from Al Capone (a lot of truth in it).

"You can go a lot further in life with a kind word and a gun than with just a kind word." Thought you'd appreciate it. God bless.

"SFA is one of the few solid, scripturally sound ministries out there to really get meat of doctrine and Scripture. I would feel so alone without you folks. I can't tell you how thankful I am to the Lord for you all!! Please know that I call your names before our Lord for protection, wisdom and for your needs."

"I wanted to say how blessed I was when you played the Friday night meeting (from WI) of Pastor Ron Poeh on your radio broadcast. I have had that gut feeling that God has anointed you as a leader, a prophet, to those who have had the blinders taken off and who realize what hour we are actually living in. I had felt that you were under intense pressure and needed to be revived. I am so grateful to our King Jesus Christ that He will not leave us without provision. I believe that with all my heart that God is raising up a Gideon Army. I also believe that it has started in the spirit and will be manifest in the senses realm. I am so thankful for your ministry...We are praying for you and yours and I believe the best is yet to come. May Yahweh be praised and thank you for changing the tapes to CD's. We will continue...in

your ministry. I believe it will yield good fruit.""In the Matthew 25 virgin parable I believe you thought it was wisdom the foolish virgins lacked. I agree with you.

**The one thing we need now is not only the baptism in water for the remission of sins, but the baptism of the Holy Spirit which Jesus said in Acts 1:5."

I am just emailing this info, but I was trying to photograph it and send it to Pastor Peters. Around the holiday of Thanksgiving (2009) I was driving in a town near where I live called Hinsdale, Illinois. I don't live there, but I live nearby. It is one of the most affluent suburbs of Chicago. I saw a very new looking BMW or Mercedes sedan parked by the train station... the license plate on it was a vanity plate and I got a very good look at it. You may not believe this, but the plate had only the letters: "ESAU." That was it! I didn't have a camera with me at the time, but I often went out of my way to drive through the area and get a photo of the car with this Illinois license plate, but I never saw it again! I wanted to get a photo so you wouldn't think I was making it up. But it is entirely true! I wouldn't have even thought about it a second time, but that was when Pastor Peters was just beginning his series on the Snake Stories and Snake Stomping, and when I saw this license plate, my jaw nearly dropped! Pastor Peters is hitting the truth more than mainstream America wants to admit! "THEY" know who THEY are! And now "they" are becoming so bold and brazen and in-your-face about it that they put it on their expensive imported cars' license plates! Pretty amazing isn't it..?

Good show, and good reception on 5.070 last night...On my way to a job last Wed. Aug. 29, 2004 in the early morning I heard a promo spot by America's number one conservative drug fiend "cheap rush" Limbaugh, for his daily show. It was the usual blather, republicans good democrats bad. However when he used the phrase "sacrificial war on terrorism" I asked myself, to whom are we offering human lives as sacrifice?

A few years ago when talking to a 'born again' about the Ten Commandments he said, "You must be demon possessed!" I could never understand how a Christian could say "You must be demon possessed" to another Christian because he believed in the Ten Commandments.

'Born Again' Judeo-Christians believe:

- 1. The law is done away in Jesus.**
- 2. The Jews are God's chosen.**
- 3. Jesus must come into your heart.**
- 4. Upon hearing a favorable mention of the Ten Commandments or hearing any mention that the Jews are not God's chosen they ask, "Have you been born again?" or "Have you been saved?"**
- 5. They will not take "Yes" for an answer if you thereafter do not see eye-to-eye with them regarding the Jews or the Ten Commandments saying something like "You need to get your heart right with the Lord", again asking, "Have you been born again/saved?"**
- 6. They never ask, "Have you been baptized?"**

Concerning 3 above: I have never found in the Bible a place saying Jesus must come into your heart except for the misquoted Revelation 3:20 Behold, I stand at the door, and knock: if any man hear my voice, and open the

door. I will come in to him, and will sup with him, and he with me. Ohio

I have been receiving your newsletter for many years. I apologize for not being very supportive of your ministry...Driving a truck. I met a man who spoke about serpent people draining and feeding off our energy...he claims to be a radio and tv personality, he writes books...he is a reader of people's voice and eyes and energy...He is...holistic healing of humans, working with body, soul and inner spirit...

I have to be honest, my mind is not closed to what you are saying about the snakes...I find myself looking for signs on people now to see if they resemble reptiles. NC

Did you know that the queer with whom Gov. James E. McGreevey of New Jersey had his "affair" was a Jew who had lied about his credentials for the job?

The News and Observer, Raleigh, NC, carried a New York Times article by Laura Mansnerus that was worded slightly differently from the article in the url referenced below. The fourth paragraph of the N&O article said, "Aides to the governor said the affair was with a former aide, Golan Cipel, a published poet and an Israeli native, was originally hired by the governor as an adviser to the state Office of Homeland Security but resigned after it was discovered that he had exaggerated his credentials."

So: He was ISRAELI. He is QUEER. He LIED about his credentials. And of all things he ADVISED the state office of HOMELAND SECURITY!

Don't you feel a lot safer now that you have a lying queer jew advising Homeland Security? :-) NC

Greetings to you in the most glorious name of the Lord Jesus Christ! I am very grateful to you for copies of your new newsletter, THE DRAGON SLAYER, and for a copy of the ordered book ("Solar Sanity versus Lunar Lunacy"). I am studying your literature, comparing your suggestions with the Holy Bible. Sometimes I can see also your interesting and informative website by the way now at the Moscow's American Center where the computer time is, sorry, strongly limited. In this country, the number of private internet users is too small as for example in the United States. Sorry I cannot listen to your Christian Radio programs by internet nor by a shortwave. But I enjoy listening to your sermons recorded on cassette tapes.

Pastor Peters says on WWCR that he's always interested in hearing true SNAKE stories. Well, I just wanted to point out an interesting coincidence--Herbalists treat the damaging reactions that many little children have to state enforced/mandated vaccinations the same way they would treat the venom from a SNAKE bite! Isn't that curious. Maybe our Lord is trying to show us that the vaccinations are really nothing more than POISON!!!! And I want to thank Pastor Peters for being a big reason my eyes were opened to this Baby-

**lonian sacrifice of children to the "Vaccination/AMA/
FDA god."**

You are "right on" in regards to the propaganda brainwashing film "Fahrenheit 9/11". Mr. Moore is also "Jewish", has Mr. Ari Immanuel for his agent, and the film was financed by Teon Productions owned by Mel Gibson. Ari is the brother of Ron Immanuel, a past advisor to Bill Clinton.
